IMPORTANT PRE-DEPARTURE INFORMATION

Casual wears and comfortable walking shoes are the rule of Tibet. Be sure to bring warm clothing as nights and early mornings can be quite chilly to cold. Indian Pilgrims are advised strictly not to wear Sari during this yatra. Bring all the film, medicine, cosmetics, personal toilet items etc. that you will need from home as these are difficult if not impossible to obtain on the way. A small first aid kit is also a good idea. Also quite useful is a route map, to know where you are going and have been each day.

What To Take

Winter wear: Gore-Tex material, though expensive, is highly recommended. Down jacket, raincoat or windbreakers, thermal under wears, Jackets, warm trousers & woolen shirts (cotton will also do), warm sweaters, woolen gloves, sun hat, comfortable shoes, light leather boots in case of snow, woolen balaclava ('monkey cap') & scarf/dust mask to protect your eyes & nose from dust and lip balm. which approved As per the rules and regulations Of the government

You may bring the snacks for along the way such as chocolates, dry fruits, toffees, glucose, namkeen etc. Strong water bottle & water purifying tablets. needle & thread, body spray (handy for smelly boots/feet and for a round of spray in the toilet tent!), toilet paper, torch & spare batteries, daypack (small shoulder bag), Camera & films, Binocular. The companies Not Allow To take Which is not Approved By India- Nepal And Tibet/china Government Rules and regulations.

Health

This is one of the toughest high altitude road journeys on earth. You Must be physically fit - no two ways about that. Generally patients with asthma & heart problems have a problem acclimatizing to high altitudes. In your interests it is essential you should be examined by your doctor to know about your health condition and your ability to cope up with the rigors of high altitude travel for days in 'no road' conditions, extreme cold, dust, trekking to an altitude of 19500ft during the Parikrama, etc.

Altitude Sickness

As you are traveling over high terrain, you are likely to experience symptoms and discomfort of altitude sickness (headache, loss of appetite, nausea, exhaustion, sleeplessness, breathlessness etc.) until your body adjusts to the elevation. This can take a couple of days or more depending on an individual. For this reason alone, we have made it mandatory to stay 2 nights at Purang (4550M) moving on to the higher altitudes.

Drink plenty of water, be calm, and do not exercise. Do not drink alcohol or smoke prior to and during the tour. We also recommend you carry a strip of diamox tablets.

Vivekananda Travels Pvt. Ltd and its associates will put every effort to make your journey smooth and pleasant. However, all the tours in Tibet are conducted strictly under the rules & regulation of Tibet Tourism Bureau (TTB). Therefore, Vivekananda Travels Pvt.
